Terminal Illness Accelerated Death Benefit Disclosure

You may request an accelerated death benefit when the Insured has been diagnosed with a Terminal Illness. A Terminal Illness is a medical condition, resulting from injury or disease which, as diagnosed by a Physician, has reduced life expectancy to not more than 12 months from the date of the Physician’s certification. We must receive written proof of the Insured’s Terminal Illness before we make an accelerated death benefit payment. We reserve the right to seek a second medical opinion or have the Insured examined at our expense by a Physician we choose.

We will pay an accelerated death benefit upon due proof that the Insured has a Terminal Illness, subject to the following conditions:

1. The Terminal Illness is first diagnosed on or after the later of the Date of Issue or Policy Date; and
2. The policy and endorsement are in force at the time of the accelerated death benefit request; and
3. The Face Amount of the policy at the time the accelerated death benefit request is received is at least $25,000; and
4. At the time you request to exercise the accelerated death benefit, there must be at least two (2) years remaining before the Expiry Date of the policy;
5. We receive written proof of the Insured’s Terminal Illness satisfactory to us, including a Physician’s certification; and
6. We receive a consent form signed by all irrevocable beneficiaries and all assignees in a form acceptable to us.

An administrative fee will be deducted from the present value of each accelerated death benefit amount requested. As of the Endorsement Date, the administrative charge is $350. The administrative charge will be subject to future increases based on cumulative annual cost-of-living increases as measured by the Consumer Price Index (CPI) since 2012. Cumulative annual cost of living increases will not exceed 5% per calendar year. In the event that the CPI is no longer published, a substantially similar index will be used.

The maximum death benefit you may accelerate is equal to the lesser of:

1. 100% of the Face Amount of the policy; or
2. $500,000, including all other accelerated death benefit amounts previously elected or currently under review under all policies, endorsements or riders issued by us on the life of the Insured.

The policy’s Face Amount will be reduced by the amount of the death benefit accelerated. If less than the full Face Amount is accelerated, the premium payable after the accelerated death benefit is paid will also be reduced. The reduced premium will equal the appropriate premium rate applied to the reduced Face Amount plus any applicable policy fee. We will provide you with information showing the reduced Face Amount resulting from the accelerated death benefit payment.

**RECEIPT OF ACCELERATED BENEFITS MAY BE TAXABLE AND YOU SHOULD CONSULT YOUR PERSONAL TAX ADVISOR.**
